1. Introduction

- 1.1. Procurement is a highly regulated area, being seen by the Scottish Government as a significant area where the broader aims of value for money and social, economic and environmental sustainability can be developed and realised.
- 1.2. The legislation surrounding procurement includes the following and this should be complied with at all times:
 - Procurement Reform (Scotland) Act 2014
 - Public Contracts (Scotland) Regulations 2015
 - Procurement (Scotland) Regulations 2016
 - Guidance under the Procurement Reform (Scotland) Act 2014 (issued 17 March 16)
- 1.3. The Scottish Procurement legislation above mainly arose from European Directives. At the end of the Brexit transition period on 31 December 2020 the Scottish legislation was amended to remove this link, however none of these changes fundamentally altered the procedures and processes of advertising and awarding public contracts.
- 1.4. At the heart of this Procurement Strategy and the Scottish Government's strategy, is the concept of value for money in procurement - an informed balance between cost, quality and sustainability. The Value for Money triangle illustrates the Scottish Model of Procurement.

2. Procurement Vision

- 2.1. MHA's **vision** for procurement is that our procurement activity will support delivery of MHA's strategic vision and aims and will:
 - Follow best practice
 - Be Open & Transparent
 - Be Non- Discriminatory
 - Be Proportionate

- Be fit for purpose
- Achieve Value for Money

3. Procurement Strategy Rationale
